Thanks Tom. Mike Scorca needs some time to finish reading through it as well. Will likely set something up for Thursday or Friday. Let me know if you have any preference for day/time.

Jen,

I went have gone through most of the text and it is looking good. I still looking at the investigation locations but I don't anticipate that taking too long. I am available for a call next week with the exception of Wednesday (chaperoning a 4<sup>th</sup> grade field trip).

Regards,

-Tom

Hey Tom,

Have you had a chance to look through the revised draft NCHGW OU1 PDI Work Plan yet? I'm thinking about scheduling a call with Jeff and Jean to go over the in-well vapor stripping and in-situ sections as they had revisions. Feel free to give me a call when you have a chance to discuss that approach. I'm free today except between 4 and 5.

212-637-4328

Thanks,  
Jen
